

(Senior) Market Analyst (m/f/d) Power Markets Southern Europe

Stellenanbieter: ABO Wind AG

Beschreibung:

Work with us on a sustainable energy supply!

ABO Wind has been successfully developing and implementing renewable energy projects since 1996. Every year, we build plants with an average investment volume of 500 million euros. More than 900 employees worldwide work with enthusiasm on the project development, financing, construction, operational management and maintenance of wind and solar farms, battery, and hydrogen projects.

Join our team in Wiesbaden, Germany, as a

(Senior) Market Analyst (m/f/d) Power Markets Southern Europe

Responsibilities

- ABO Winds internal “Centre of Expertise” for electricity markets (wholesale, ancillary services, capacity mechanisms) for Spain and Greece
- Monitor and analyse the Iberian and Greek electricity markets, and possibly neighbouring markets
- Merge gathered commercial results with technical project characteristics and evaluation
- Set-up and further develop internal market data warehouse (incl. ETL, external data interfaces) in collaboration with IT Department
- Identify and liaise with potential external partners (aggregators, trading houses, other risk taker or flexibility players) for flexibility marketing
- Support in negotiations and execution of long-term marketing contracts for flexibility
- Carry out market research and analysis

Qualifications

- Relevant work experience in the Spanish power market
- Knowledge of the French or Greek market is considered an asset
- Fluent in Spanish and English in spoken and written
- Advanced numerical / IT skills (for example Python or Matlab)
- Passionate about renewable energies and storage
- Self-driven, solution oriented and hands-on mentality

Our Offer

We offer interdisciplinary teamwork in a successful and dynamic company. You will work on a variety of tasks in a friendly and competent team.
